The Discovery sails for San Francisco

The brig W. G. Irwin is at quarantine in the stream.

The steamer Belgic will be to-morrow

rom San Francisco. A waterspout was seen off the harbor yesterday morning.

A number of Japanese leave for Yokohama to-morrow by the Belgic.

The bark Ceylon cleared from San Fran sisco the same time as the W. G. Irwin. The Kinau sails on her Volcano trip this

afternoon, and the Likelike leaves to-morrow for Maui. The barkentine S. N. Castle arrived at

San Francisco February 14th, 14 days from Honolulu. Mr. Chas. Kibling has been appointed

Purser of the steamer Likelike to succeed Mr. Geo. W. Smith. Mr. L. J. Levey will hold a trade clear-

ing sale at his salesrooms this morning, by order of T. H. Davies & Co. At 10 o'clock this morning Mr. J. F.

Morgan will sell the household furniture at the residence of Mr. J. M. Sass, Fort

The brigantine John D. Spreckels which, left on Saturday for San Francisco, took 731 letters and 221 packages papers from the Post Office.

The Board of Health are calling for tenders for the sale to the Board of 200 head of two to three-year old heifers for the Leper Settlement.

The lady collectors of St. Andrew's Cathedral building fund will please send in their collections to the Rev. Alex. Mackintosh by Wednesday morning.

Cashmere shawls in pink, cream and blue; also handmade and woven shawls in colors, black embroidered cashmere shawls at low prices at Sachs' store, 104 Fort

The latest device of the Germans in the art of warfare is that of trainining falcons to destroy the carrier pigeons of the enemy. They will, of course, be under the control of the hawkward squad.

The brigantine W. G. Irwin is without doubt one of the fastest sailers in the island trade. She made the trip to San Francisco in 121/2 days, and yesterday arrived from the last named place in eleven

"I firmly believe that the prisoner has dipped his hand into my cash drawer regularly for the last six months," said a saloon keeper, who had charged his barman with theft. "Um-er-well, 'Punctuality is the soul of business,' " remarked the facetious magistrate.

The Secretary of the U.S. Treasury on February 3d issued a circular to customs officials in regard to the rate of drawbacks on dried refined sugars. It provides that the rate of drawback provisionally established by the circular on September 28, 1886, on all refined loaf, cut loaf, crushed or granulated and powdered sugar, stovedried or dried by other equally effective process, viz.: 2.60 cents per pound less the the legal retention of 1 per cent, is hereby declared permanent. This question has been pending before the Department for

many months. A Boston, Mass., paper has the following: Benjamin Pitman of Somerville, who died Tuesday, January 17th, of congestion of the lungs, was born in Boston in 1813. He engaged in mercantile business in the Sandwich Islands when a young man, and there remained twenty-five years, marrying a near relative of King Kalakaua. Afterward he resided ten years in Germany, and then went to Somerville. He was a man of generous and genial disposition and highly respected. A widow, who was his second wife, and five children surSHAKE!

The Science of Palmistry-What Shaking Hands Reveals.

"George Francis Train is as loony as a wild cat on many subjects, no doubt,' remarked a physician the other day, "but there is a good deal of method in his madness about one thing."

"What's that?" "Shaking hands. I don't blame him for disliking promiscuous hand shaking; it has many unpleasant features."

"What can you tell by the shake of a man's hand?"

"A good deal. Why, I can pick out the people in a crowd with whom I shake hands, who have kidney disease, and they don't know it!"

"I don't understand you. Do you pretheir 'shake'?"

"No, not in the 'shake,' but in the feel' of the hand."

"Please explain what you mean." "A hot dry hand shows inactivity o the skin. The skin is the third kidney We sweat out as much water through the skin as we pass off through the

kidnevs."

"How much is that?" "In health, several pints a day. In summer we sweat more than in the winter, but in health there is a constant, though invisible escape of moisture through the skin. In the palm of the hand there are from two to three million little sweat pores. The sweat-glands are a great help to the kidneys, and when working healthfully in the summer, the hides, 150 bags potatoes, 4 horses, 25 tons old kidneys can and do take a much-needed recreation. You can prove this, if you notice that you pass less fluids in summer than in winter, if skin and kidneys are healthy."

hands with a company of people, to see how many hands feel hot and dry. Hadn't you noticed it?"

"I don't believe I have. But what can be done in such cases?" Only one thing can be done, and that

is to get the kidneys at work again by a very thorough course of treatment with Warner's safe cure, and giving yourself sponge or wet cloth rubbing with warm or cold water, whichever is the most agreeable, night and morning. Use only the best soap on the body in such cases. Indeed, soap isn't necessary oftener than once a week. Vigorous rubbing with a well wrung towel, followed by like rubbing with a dry warm towel, is recommended.

Palmistry is a modern science that is vuite a fad with fashionable people nowa-days, but there is a good deal more in it than the professional palm readers have yet found out.

### Moonlight Concert.

The following musical programme will be given by the Royal Hawaiian Military Band this evening at 7:30 o'clock at Emma Square:

March-"Defilir" Overture-"Light Cavalry".....Suppe "Kun Lei me Puu Ohulu" (new) Medley-"Reverie"...... Wiedecke Waltz-"Gypsy Baron"..... Strauss March-"Kaa Wai" (by request)... Berger "Hawaii Ponoi"

### Island Views.

By calling at J. Gonsalves' photographic gallery, Fort street, you can obtain views of the different points of interest on all the islands of the group and of the Volcano. Photographs taken in all styles.

Last evening about 7:30 o'clock some of the crew of the steamer Kinau noticed flames issuing from the officers' rooms. They burst the door in and put the fire out. It was then found that some clothes had caught fire, but how is not known. Very little damage was done. The fire bells rang, but the services of the department were not required.
